

Welcome

Professional, involved, rapid and competent. That's Windhorst Transport; a specialist in complete logistic processes from A to Z. Windhorst offers a total solution in road cargo, ferry services and warehousing.

Windhorst will be an energetic business partner to you with many years of experience and a thorough knowledge of the market. Quality, flexibility, reliability and durability are our essences.

The Windhorst-approach works well. This is proved by the long-term relations that we maintain with a large number of well-established firms and organizations. It may be clear: trading with Windhorst is an investment in a solid future.

About Windhorst

From a traditional transport company Windhorst has developed into an important all-round performer in the logistics market. Over 40 skilled Windhorst-employees provide full logistics services, in road cargo and warehousing as well as specialized ferry carriage to and from the United Kingdom and Ireland.

Logistic services

- Road cargo
- Warehousing
- Ferry carriage
- Forwarding

Vision

Being a medium-sized logistic service provider Windhorst has a strong focus on profound cooperation with its principals. Windhorst offers logistic solutions for transport, forwarding, warehousing and Value Added Logistics. Our core values are quality, flexibility, reliability and sustainability. By experience Windhorst knows the combination of these values and the focus on partnership will lead to exquisite results.

Mission

It is our mission to connect markets, people and means by offering a complete range of logistic services of the highest quality.

Sustainability

Sustainability is one of our main values: the range of cargo possibilities will prove the durability we offer. Our brand-new materials meet the latest environmental requirements and opportunities (Euro5). On-board computers, operation analyses and navigation systems will see to economical driving and less empty kilometres. By operating this way we will unburden our environment.

History

Windhorst Transport has a long history and tradition. The oldest officially recognized document relating to the history of our company is a mortgage deed dating back to 1818, in order to finance a barge. For many years and over generations regular barge services were maintained from Hazerswoude to Leiden and Rotterdam, initially by track-boats, next with motor vessels.

The first truck

Yet in 1925 the foundation of one of our specializations is a fact; the transport of trees and shrubs. In this year the transport of tree nursery products by ship to the harbour of Rotterdam takes off. In Rotterdam the cargo is transhipped onto large vessels destined for the United Kingdom and Scandinavia. Due to the seasonal nature of this kind of trade, Windhorst seeks to supplementary businesses. This results in the purchase of a truck for the transport of fertilizers to farmers.

International Trade Centre

In 1976 the barges are put on sale, and from this moment on Windhorst exclusively focuses on road transportation. In 1992 the increase of the vehicle fleet and expansion of services require a removal of the company to the International Trade Centre in Hazerswoude.

Prosperous period of expansion

The next years Windhorst knows a very successful period of expansion. The vehicle fleet increases up to twenty tractor units and ninety trailers. The specialization in transport of nursery products to The United Kingdom and Ireland grows into enormous proportions. Above this, the warehousing activities play a more and more increasing part. Consequently, in 2004 and in 2008 the storage accommodations are extended to 15.000m²!

At this moment Windhorst is a service provider that deals with the full logistics range of activities. We still value the traditional standards; we added innovation and visionary thinking.

Transport

Cooperating with Windhorst Transport you will bring in over 150 years of experience in transport. We know what transport is about. Our specialization is the transport of combined loads and full loads in the Benelux countries as well as to and from the United Kingdom and Ireland.

Fast, safe and efficient

Your consignments will be transported fast, safe and efficient. Enabled by the most modern and sustainable equipment. To be able to respond to the specific requirements of our various principals, Windhorst offers diversity in means of transport.

Modern and versatile

The Windhorst vehicle fleet consists of trucks, semi-trailers and truck/trailer combinations. In order to accommodate different kinds of loads, we provide curtain-sided trucks, sliding tarpaulin trailers, refrigerated units and isolation units. A majority of our equipment is fitted with a tail lift and therefore also suitable for the transport of plant trolleys.

Windhorst offers transport solutions made to measure! Because of our great service, the excellent materials and our experience of years Windhorst will certainly meet your quality standards

Ferry shipment

Windhorst has many years of experience in shipping all kinds of goods to and from the United Kingdom and Ireland. The shipment of nursery products is a real 'Windhorst-specialty'. In the field of ferry transport you will take advantage of our skills, experience, excellent contacts and fixed-price contracts with a number of ferry companies.

Latest equipment

To ensure your goods are moved in the correct type of equipment Windhorst operates the following trailers:

- 13.60 m. tilt trailers
- 13.60 m. Euroliners, specific for ferry transport
- 13.60 m. insulated trailers with tail lift, suitable for 43 cc-trolleys
- 13.60 m. refrigerated trailer, suitable for 43 cc-trolleys

Full loads and groupage loads

Windhorst is the right partner for shipment of your combined or full loads to the United Kingdom and Ireland. Your consignments will be delivered door/door in both countries.

WAREHOUSING

Logistics services are no longer about transport from A to B only. Nowadays the accent is on activities that add value to the supply of goods. Windhorst is the essential link in the whole package of warehousing. We control all aspects, from stock management, barcode scanning, packing and re-packing to stacking on pallets.

Complete range of services:

Among others, Windhorst offers the following services;

- Warehouse Management System with Electronic Data Interchange (EDI)
- Warehousing of both food and non-food products
- Outsourcing of physical and administrative activities
- Value Added Logistics
- Value Added Services
- Order picking
- Online Order Entry

Warehousing

Windhorst has 15.000m² of storage accommodations in Hazerswoude. Several kinds of storage in all kinds of racking systems are at disposal. We also store many goods that are not adjusted for storing in pallet racks or goods that are not packed on pallets. The warehouses are inspected on a regular basis and meet the highest quality standards.

Win-win situation

Trust the warehousing activities to the experts of Windhorst. Economical and efficient! You can concentrate on your core business. A win-win situation for both parties!

Expedition

Being an all-round logistics services provider Windhorst is able to take care of all international transports. Cooperating with professional partners, to make the sometimes difficult and nontransparent business clear, we offer tailor made solutions by using various transport modalities.

The consignments will be delivered or collected within all Europe by a network of reliable partners. We can send your import- or export shipment as a full container (FCL) or as a combined load (LCL).

In demand, Windhorst can take care of all required documentation.

Principals /Clients

Windhorst Transport cooperates with leading and well-established companies and organizations in order to control the logistics process. Our clients operate in various segments, like the food market and the nursery branch. Our main priority is partnership and thinking along to aim at joint targets.

Corporate Social Responsibility

One of our principals is the social responsible water brand Well Water. From its founding in 2003 Well Water donates 25% of the benefits of every bottle of water that's sold to water projects of Simavi. Doing so Well Water makes a structural contribution to a healthy future for ten thousands of people in Africa and Asia.

Well Water truck!

Windhorst handles storage and transport for Well Water and is a sparring partner in finding solutions for optimization of the logistics process. Windhorst even applied the Well Water logo on one of the trucks in order to gain more brand awareness for Well Water. In this way Windhorst indirectly supports this sympathetic welfare.

Rice snacks

Windhorst has a profound cooperation with Osaka Factory (link www.osakaricesnacks.com), producer of rice snacks. For Osaka Factory Windhorst has the responsibility for the complete logistic process, as from the control of raw materials to the distribution of final products.

These two examples proof that our work is all-round and that the possibilities are numerous.

Team

In nowadays 24-hours economy acting fast and professional is a must! Every link in the chain of transportation and logistics has to connect smoothly. The Windhorst-team, consisting of over 40 enthusiastic, skilled employees will see it done!
